Resource Provision Development

Dear Parents and Guardians,

I am writing to inform you of an exciting development for our school. Last year, we were approached by the Local Authority with a proposal to expand our resource provision for children who have an EHCP and increase the number of children we can offer places for.

Over the past 12 months, we have been working towards this plan, and I am pleased to announce that, as of April 2025, we will be expanding our provisions to offer places for 16 children. These children will be based in two designated classrooms, each with the added benefit of a shared outdoor quad space. Both classrooms have been equipped with high-quality sensory rooms and bespoke resources to support the children's individual needs.

Additionally, during the upcoming Easter break, we are planning enhancements to the outdoor quad, including the installation of wet-pour flooring, a sheltered canopy, and sensory climbing equipment, which will further support our children's learning and development.

In the future, our resource provision will cater for children in EYFS/KS1 as well as children in KS2. We have already begun the process of recruiting an additional teacher to strengthen the existing staff team and ensure we continue to provide the best possible support for all children.

If you have any questions or would like to know more about these developments, please don't hesitate to get in touch with either myself or Miss Pemberton. We would be more than happy to explain the plans in further detail.

Kind regards,

Mrs Callaghan

Head of School
